

Admissions Policy

September 2021

Admission Arrangements

The Admissions procedure for The Bridge London has three major elements: the pupil element, school element and the Local Authority element -

a. Pupil Element

- The pupils must be between the ages of 2 - 19 years;
- Pupils aged 4 years and over, will have Severe or Profound Learning Difficulty (i.e. they are in need of extensive adult assistance in order to learn), and/or autism.
- In exceptional circumstances pupils may be referred for assessment placements. This referral will come from a Local Authority. The nature of the child's disability may well be non-specific but pointing to serious global development delay and/or autism;
- All other pupils will have Education Health and Care Plans.

b. School Element:

- Pupils will be 2-19 years
- The school is funded to cater for 192 places
- The school caters for two phases of education

Primary 2-11 years

Secondary 11-19 years

The school has two sites

Primary Site – 251 Hungerford Road N7 9LD

For pupils, aged 2-11 years, with autism and severe and profound learning difficulties;

Secondary Site – 28 Carleton Road N7 0EQ

For pupils, aged 11-19 years, with autism and severe and profound learning difficulties.

Both sites are co-educational and class groupings are arranged to maximise access to learning. This means that many classes are vertically grouped within each key stage.

LA Element

- Parents are strongly encouraged to visit the school;
- Every child referred to the school must go through the Special Needs Admissions Department of the relevant Local Authority before they can be given a place at the school;
- Documents relating to the special needs of the pupil must have been considered by the school before a place can be agreed. An assessment may also be required.
